Thank you for your interest in our digital upgrade equipment.

Please fill out both sides of the questionnaire and mail to jhunt@NAImaging.com.

What X-ray machine do you have now? Include model and year made.

What II do you have now? (Upload picture to page two.)

What camera do you have now? (Upload picture to page two.)

How is the camera mounted to the II? (Upload picture to page two.)

What cable length do you need from II to computer? How far is computer from the X-ray machine?

What is your X-ray application? Please be specific.

Do you require “continuous” movement during your X-ray inspection?

What are the critical software functions you must have?

What do you like and what don't you like about your current software?

Click on the image to upload a photo. When finished, click on the button to email this form to Josh Hunt.
